Preparation for Structured Interview

The researcher **MUST** ensure that they have the following documents with them when conducting the questionnaire and interview sessions with participants to ensure interviews can be completed accurately and any risk protocols can be implemented as quickly as possible:

Interview related documents:

- **Please make sure you have selected MALE / FEMALE SERBAS schedule**
- SERBAS Charts **in the CRF** – please ensure you complete either the MALE participant or FEMALE participant set of charts
- SERBAS RESPONSE CARDS 1 & 2
- MISS Q RESPONSE CARDS 1-5
- ASSIST RESPONSE CARDS 1-3

Risk related documents:

- A copy of the 'researcher protocol: Disclosure of self-harm/suicide risk and other potential risks'
- Contact details for clinical lead(s)
- Copies of the risk of self-harm/suicide flowchart
- A blank copy of the 'exploring risk questions'
- A copy of the 'exploring risk questions' Guidance
- A copy of the 'self-harm/suicide risk form'
- A copy of the 'non-suicide risk form'
- Access to a mobile phone
- Contact details for: participant's care co-ordinator/duty worker, out of hours/crisis team/local taxi number- in case of risk emergencies
- A copy of the Adverse event procedure
- Blank Serious /Adverse Event form

Please follow the instructions for each section carefully.

If you are asked to put a cross in the box, please use a cross rather than a tick, for example, in the following question, if your answer to the question is yes, you should place a cross firmly in the box next to 'Yes'.

Do you watch TV? Yes ☒ No ☐

If you are asked to write a number in boxes, please enter one digit in each box. For example:

What is your age in years? | 3 | 9 |

How many times have you visited your doctor in the past six months? | 0 | 3 |

Please use a black or blue pen. Please do not use a pencil or any other coloured pen.

If you wish to amend any of the data you have written, please put a line through the incorrect response, enter the correct response and initial and date your amendment. Where possible use a red pen to make these amendments.

"Thanks for completing the first set of questions. Do you have any questions or concerns?

This next section will be questions that I will be asking you directly and I will note down your answers for you. The reason we do this is because these questions have been designed to be asked in an interview. It should take about 45 mins to an hour.

How are you feeling? Are you ready to continue?"

Thinking about the **last 3 months**, we would like to know how many consultations you have had with the following health services (if none, please enter ZERO):

ASSIST

Let's take a little break from talking about sex – let's move on to talking about alcohol, tobacco products and other drugs. I am going to ask you some questions about your experience of using these substances across your lifetime and in the past three months. These substances can be smoked, swallowed, snorted, inhaled, injected or taken in the form of pills (SHOW ASSIST RESPONSE CARD 1 - SUBSTANCES).

Some of the substances listed may be prescribed by a doctor (like amphetamines, sedatives, pain medications). For this interview, we will not record medications that are used as prescribed by your doctor. However, if you have taken such medications for reasons other than prescription, or taken them more frequently or at higher doses than prescribed, please let me know. While we are also interested in knowing about your use of various illicit drugs, please be assured that information on such use will be treated as strictly confidential.

Question 1

In your life, which of the following substances have you ever used? (NON-MEDICAL USE ONLY)

a.	Tobacco products (cigarettes, chewing tobacco, cigars, etc.)	☐ Yes	☐ No
b.	Alcoholic beverages (beer, wine, spirits, etc.)	☐ Yes	☐ No

i.	Opioids (heroin, morphine, methadone, codeine, etc.)	☐ Yes	☐ No
j.	Other - specify: ☐	☐ Yes	☐ No

Probe if all answers are negative: "Not even when you were in school?"

*If "**No**" to all items, stop interview and move on to SERBAS.*

If "**Yes**" to any of these items, ask Question 2 for each substance ever used.

Question 2

In the past three months, how often have you used the substances you mentioned (FIRST DRUG, SECOND DRUG, ETC)?

		Never	Once or twice	Monthly	Weekly	Daily or almost daily
