

# 11 Instructions to participants for uploading a photograph (B7)

Email text sent to participants with a link to upload a wound photograph

Dear <Participant name>,

Thank you for agreeing to take part in the Bluebelle study. As part of the study you have been asked whether you would be happy to take digital photographs of your wound so that the wound can be assessed for the research. You should have recently received a document entitled 'Instructions for taking photographs of your wound' and a ruler in the post.

As per the instructions, once you are happy with the quality of your photograph (see section 2), please click on the following link (URL) to upload your photograph to the study database:

<http://cteu-trials.bris.ac.uk/Q/Web/FileUpload.aspx?id=<secure link>>

If you have any problems with taking or sending your photograph to us, or if you have any queries relating to the wound photography, please contact the Bluebelle Study Team on 0117 342 4195 or [bluebelle-study@bristol.ac.uk](mailto:bluebelle-study@bristol.ac.uk).

I would like to take this opportunity to thank you for your participation in the study to date.

With thanks and best wishes,

Bluebelle Study Coordination Team

Clinical Trials and Evaluation Unit, University of Bristol
