

Community Woodland Focus Group

Let's talk about our woodlands!

We're researchers from OPENspace at the University of Edinburgh, undertaking a research project to find out what people think about their local environment and their wellbeing.

We are particularly interested to know how people from your local community experience these woodlands.

If you live in the area but haven't been to the woodlands, we would still be interested in hearing from you.

For more information or if you are interested in taking part, please let us know by Friday 10th February 2017.
