

Fields in England database

Field title	Field description
Site code 1	HSCIC - NHS 5-character site of treatment code
Postcode 1	Hospital postcode
Aggregate name	Hospital name (where different names were used we used the Estates name)
Postcode A	Hospital postcode (repeat of column B to facilitate look ups)
Combined codes	NHS 5-character site of treatment code - (repeat of column A to facilitate lookups)
Counter	Counter used for pivot tables to show number of hospitals in a group
No beds HSCIC	Indicator - Where HSCIC data reported nil bed days
Not in PLACE or Estates	Indicator - Where hospital <u>does not</u> appear in either the Estates or PLACE datasets
In both Estates and PLACE	Indicator - Where hospital is shown in both the Estates and PLACE datasets
Ownership	NHS or independent (HSCIC 'N' Codes -independent with CHA overlay)
Not in Estates	Indicator - The hospital is not found in the Estates dataset
Not in PLACE	Indicator - The hospital is not found in the PLACE dataset
Estates code for postcode	Estates – 5-character code for hospital site
Estates name for postcode	Estates - hospital name
Estates type	Estates - hospital classification
PLACE code	PLACE – 5-character hospital code
PLACE name	PLACE - hospital name
PLACE type	PLACE - hospital classification
PLACE wards	PLACE - number of wards
PLACE beds	PLACE - number of beds
PLACE HSCIC MATCH	Indicator - where hospital appears in PLACE and HSCIC datasets
Specialty classification	Crystal Blues classification of the hospital based on its predominant Specialty(ies)
Are there Estates available beds	Indicator - if Estates dataset shows 'no beds'
Sum of number of specialties	HSCIC - The number of in-patient specialties at the hospital
Sum of sum of FCE	HSCIC- The number of FCEs at the hospital in the year
Sum of sum of FAE	HSCIC- The number of finished admission episodes at the hospital in the year
Sum of day case sum of FAE	HSCIC - The number of day case admissions within the FAE figure at the hospital in the year
Sum of inpatient discharges	HSCIC - The number of inpatient discharges in the year
Day case % of admissions	HSCIC – Day cases as a percentage of total admissions
Sum of FCE bed days sum of episode duration	HSCIC - Inpatient bed days
Sum of HSCIC occupied beds	HSCIC - Calculated occupied beds from bed days

Field title	Field description
Average of Estates available beds for postcode	Estates - Available beds
Average of Estates hospital occupancy	Estates - Occupancy
If no Estates available beds substitute group occupancy	Where Estates have not recorded occupancy we have substituted the average occupancy for the class of hospitals
Available beds	Calculated available beds from occupied beds and occupancy rate
ALOS from working 5 file	HSCIC - Average length of stay
Aggregate name	Repeat of column C for lookups
Combined codes	Repeat of column A for lookups
Postcode A	Repeat of column B for lookups
Accident & Emergency (A&E)	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Allied health professional episode	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Cardiology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Cardiothoracic surgery	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Respiratory medicine (Thoracic medicine)	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total cardiology	Total for group
Anaesthetics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Blood transfusion	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Chemical pathology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Clinical cytogenetics & molecular genetics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Clinical genetics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Clinical haematology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Clinical immunology & allergy	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Clinical pharmacology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Clinical physiology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Critical care medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Nuclear medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Radiology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code

Field title	Field description
Total clinical support	Total for group
Community medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Community health services dental	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Dental medicine specialties	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Oral surgery	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Orthodontics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Periodontics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Prosthodontics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Public health dental	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Restorative dentistry	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Surgical dentistry	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
General dental practice	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total dental	Total for group
Geriatric medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
General medical practice	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
General medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Acute internal medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Audiological medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Dermatology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Endocrinology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Gastroenterology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Genitourinary medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Nephrology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Occupational medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Rheumatology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code

Field title	Field description
Tropical medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total medicine	Total for group
Old age psychiatry	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Adult mental illness	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Forensic psychiatry	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Child & adolescent psychiatry	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Learning disability (previously MH)	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Psychotherapy	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total mental health	Total for group
Total MH & LD (inc Old Age)	Total for MH and LD
Midwife episode	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Clinical neuro-physiology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Neurology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Neurosurgery	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total Neuroscience	Total for group
Nursing episode	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Gynaecology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Obstetrics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total Obs & Gynae	Total for group
Clinical oncology (previously Radiotherapy)	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Medical oncology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total oncology	Total for group
Paediatric cardiology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Paediatric dentistry	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Paediatric neurology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Paediatric surgery	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code

Field title	Field description
Paediatrics	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total paediatrics	Total for group
Palliative medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
General pathology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Haematology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Histopathology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Immunopathology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Infectious diseases	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Medical microbiology & virology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Medical microbiology (microbiology & bacteriology)	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Medical ophthalmology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total pathology	Total for group
Oral & maxillofacial surgery	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Plastic surgery	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total plastic surgery	Total for group
Public health medicine	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Rehabilitation	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Surgery - general	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Surgery - T&O	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Surgery - urology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Surgery - ENT	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Surgery - ophthalmology	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Total surgery	Total for group
Not known	The percentage of the hospital's total annual occupied bed days that were recorded under this specialty code
Grand Total	Check total
Out-patient Specs	HSCIC - number of out-patient specialties at the hospital
Out-patients first attends	HSCIC – out-patients first attends

Field title	Field description
Out-patients follow up attends	HSCIC – out-patients follow up attends
Out-patient attends	HSCIC - number of out-patient attends at the hospital
Has day cases	Indicator - 1 = Has day cases
Has A&E	Indicator - NHS Choices supplied - 1 = A&E/MIU presence
Has GP practice	Indicator - 1 = general practice specialty present
Has GP >1.9%	Indicator - 1 = general practice specialty accounts for > 1.9% of occupied bed days
Has 30 or less beds	Indicator - 1 = Has less 30 or less beds
Occupancy <= 85%	Indicator - 1 = Occupancy at less than 85%
Has OP clinics	Indicator - 1 = Has OP clinics
New ONS rural <3	Indicator - 1 = Rural (ONS census 2011)
ALOS <= 30 days	Indicator - 1 = ALOS is 30 or less days
Total score	Total score from indicators (ex day case)
LA code	ONS datasets - LA code
Ward code	ONS datasets - Ward code
Westminster code	ONS datasets - Westminster code
Health authority code	ONS datasets - Health code
PCT Code	ONS datasets - PCT code
CCG Code	ONS datasets - CCG code
lsoa11	ONS datasets - LSOA11
msoa11	ONS datasets - MSOA11
Local authority	ONS datasets - Local authority name
Ward	ONS datasets – Ward name
Westminster constituency	ONS datasets - Westminster constituency name
PCT	ONS datasets - PCT name
CCG	ONS datasets - CCG name
In CHA?	Indicator - Is the hospital in the CHA 2013 database
CHA name	The name of the hospital used by CHA in 2013
CHA end class 2013	The classification of the hospital following an internet review of the CHA 2013 data
In all data	Indicator is the hospital in all the datasets: CHA 2013, PLACE, Estates, HSCIC
Specialist sub category	Expanding the specialist class to find maternity
Number of care / nursing homes in CCG	CQC database & CBC NHS modelling work giving the number of care/nursing homes in the CCG
Number of C/N home beds	CQC database & CBC NHS modelling work giving the number of care/nursing home beds in the CCG
CCG total population	ONS datasets – CCG total population (mid 2013)
CCG 0-65 pop	ONS datasets - CCG 0-65 pop
CCG 0-65 % of pop	ONS datasets - CCG 0-65 % of pop
CCG 65+ pop	ONS datasets - CCG 65+ pop
CCG 65+ % pop	ONS datasets - CCG 65+ % pop
CCG 75+ pop	ONS datasets - CCG 75+ pop
CCG 75+ % of pop	ONS datasets - CCG 75+ % of pop

Field title	Field description
CCG 85+ pop	ONS datasets - CCG 85+ pop
CCG 85+ % pop	ONS datasets - CCG 85+ % pop
CHA review 20 Aug 2015 type	Results of CHA's review of hospitals August 2015
CHA name 20 Aug 2015	Hospital name used by CHA in August 2015
CBC internet review 20 Aug 2015 type	CBC's internet review of all the hospitals August 2015
Changes post 2012/13	Note of changes post 2012/13
CBC internet review plus Class B	Final agreement on hospital classification August 2015
HSCIC code in staffing files	Repeat of column A for lookups
HSCIC name	Repeat of column C for lookups
Consolidated site code	NHS safe staffing site code
Consolidated site name	NHS safe staffing site name
Nurse - planned hours	NHS-Safestaffing team - Nurse - planned hours
Nurse - actual hours	NHS-Safestaffing team - Nurse - actual hours
HCAs - planned hours	NHS-Safestaffing team - HCAs - planned hours
HCAs - actual hours	NHS-Safestaffing team - HCAs - actual hours
Nurse - planned night	NHS-Safestaffing team - Nurse - planned night
Nurse - actual night	NHS-Safestaffing team - Nurse - actual night
HCAs - planned night	NHS-Safestaffing team - HCAs - planned night
HCAs - actual night	NHS-Safestaffing team - HCAs - actual night
Planned nurses day	NHS-Safestaffing team - Planned nurses day
Planned nurses night	NHS-Safestaffing team - Planned nurses night
Planned total nurses	NHS-Safestaffing team - Planned total nurses
Planned HCA day	NHS-Safestaffing team - Planned HCA day
Planned HCA night	NHS-Safestaffing team - Planned HCA night
Planned total HCAs	NHS-Safestaffing team - Planned total HCAs
Actual nurses day	NHS-Safestaffing team - Actual nurses day
Actual nurses night	NHS-Safestaffing team - Actual nurses night
Actual total nurses	NHS-Safestaffing team - Actual total nurses
Actual HCA day	NHS-Safestaffing team - Actual HCA day
Actual HCA night	NHS-Safestaffing team - Actual HCA night
Actual total HCAs	NHS-Safestaffing team - Actual total HCAs
Planned nurse & HCAs day	NHS-Safestaffing team - Planned nurse & HCAs day
Planned Nurse & HCAs night	NHS-Safestaffing team - Planned nurse & HCAs night
Planned total nurse & HCAs	NHS-Safestaffing team - Planned total nurse & HCAs
Actual nurse & HCAs day	NHS-Safestaffing team - Actual nurse & HCAs day
Actual nurse & HCAs night	NHS-Safestaffing team - Actual nurse & HCAs night
Actual total nurse & HCAs	NHS-Safestaffing team - Actual total nurse & HCAs
No staffing data	NHS-Safestaffing team - No staffing data
Nurse per available bed (actual)	NHS-Safestaffing team - Nurse per available bed (actual)
HCA per available bed (actual)	NHS-Safestaffing team - HCA per available bed (actual)

Field title	Field description
Nurse & HCA per available bed (actual)	NHS-Safestaffing team - Nurse & HCA per available bed (actual)
Nurse per occupied bed (actual)	NHS-Safestaffing team - Nurse per occupied bed (actual)
HCA per occupied bed (actual)	NHS-Safestaffing team - HCA per occupied bed (actual)
Nurse & HCA per occupied bed (actual)	NHS-Safestaffing team - Nurse & HCA per occupied bed (actual)
Planned nurses per AvailBed	NHS-Safestaffing team - Planned nurses per AvailBed
Planned HCA per AvailBed	NHS-Safestaffing team - Planned HCA per AvailBed
Planned nurse & HCA Per AvailBed	NHS-Safestaffing team - Planned nurse & HCA per AvailBed
Planned Nurses per Obed	NHS-Safestaffing team - Planned nurses per Obed
Planned HCAs per Obed	NHS-Safestaffing team - Planned HCAs per Obed
Planned nurse & HCA per Obed	NHS-Safestaffing team - Planned nurse & HCA per Obed
Under 25	NHS-Safestaffing team - Under 25
25-44 yrs	NHS-Safestaffing team - 25-44yrs
45-64 yrs	NHS-Safestaffing team - 45-64 yrs
65-74 yrs	NHS-Safestaffing team - 65-74 yrs
75-79yrs	NHS-Safestaffing team - 75-79yrs
80-84yrs	NHS-Safestaffing team - 80-84yrs
85-89yrs	NHS-Safestaffing team - 85-89yrs
90+	NHS-Safestaffing team - 90+
%<65yrs	NHS-Safestaffing team - %<65yrs
%65-74yrs	NHS-Safestaffing team - %65-74yrs
%75-79yrs	NHS-Safestaffing team - %75-79yrs
%80-84yrs	NHS-Safestaffing team - %80-84yrs
%85-89yrs	NHS-Safestaffing team - %85-89yrs
%90+yrs	NHS-Safestaffing team - %90+yrs
%65-79yrs	NHS-Safestaffing team - %65-79yrs
%80+yrs	NHS-Safestaffing team - %80+yrs
North/South/East/West	ONS Location (using 10 strategic health authorities existing until 2013)
CCG IMD	Health observatories IMD by CCG
Average patient age (DC&INP)	HSCIC Patients age (inc day cases) -average age
Building internal sq metres pre 1948 (% of m2)	Estates - Building size internal sq metres
1948 - 1964 (%m2)	Estates - Building age pre 1948 (% of m2)
1965-1984 (%m2)	Estates - Building age 1948 - 1964 (%m2)
1985-2004 (%m2)	Estates - Building age 1965-1984 (%m2)
2005 to 2013 (%m2)	Estates - Building age 1985-2004 (%m2)
Trust name	Estates - Building age 2005 to 2013 (%m2)
CHA added	CHA name of Trust
MSOA IMD	Indicator to show hospitals added by CHA but not on HSCIC list
Internet review of CHA list	ONS - IMD for MSOA
	Further review of CHA list

Field title	Field description
Notes 2	Secondary notes
ONS rural code Census 2011	New rural code from ONS
ONS type	ONS rural urban classification
Rural pop %	Percentage of population deemed rural
Hub town (rural related) pop %	Percentage of population deemed rural including those in hub town
Urban pop %	Percentage of population deemed urban
CCG sq kilometres	CCG sq kilometres
CCG pop density persons per sq kilometre	CCG pop density persons per sq kilometre
