

Supplementary material: Consent Form

Consent Form

Please complete in black ballpoint pen

Study Number:

Baby's name:

Title of study:

POPPI Trial (Procedural pain in premature infants)

Short title:

Is morphine an effective analgesic for procedural pain in infants?

Chief Investigator:

Dr Eleri Adams

Principal Investigator:

Dr Rebeccah Slater

Please initial
box

1. I confirm that I have read and understood the information leaflet (Version 4.0, 12 April 2016), for the above study, and have had the opportunity to ask questions and have had these answered satisfactorily.
2. I understand that my baby's participation is voluntary and that I am free to withdraw my baby at any time, without giving any reason and without my baby's medical care or legal rights being affected.
3. I understand that relevant sections of my baby's medical records and data collected during the study, may be looked at by individuals from the Research team, Sponsor, Regulatory Authorities or Oxford University Hospitals NHS Trust, where it is relevant to my baby taking part in this research. I give permission for these individuals to access to my baby's records.
4. I agree that personal identifying information will be collected and stored at the co-ordinating centre (NPEU CTU). I understand that any information will be treated confidentially.
5. I consent to my baby being videoed during the study. I understand that recorded images will not be used for public use, only analysis. I understand that only anonymised data will be published or presented at meetings.
6. I agree for my baby to take part in the POPPI Trial.
