## Participant Invitation Letter

Dear

### Community Based Rehabilitation after Knee Arthroplasty (CORKA)

I would like to invite you to take part in a research project being carried out in a number of hospitals in the UK, including Insert Hospital Trust. This study is being carried out to determine if a community based rehabilitation programme can improve outcomes for people after knee replacement.

You are being invited to take part in this research because you are due to undergo a knee replacement. Before you decide whether or not you would like to take part in this project it is important for you to understand why we are doing this research and what it would involve for you. Please read the enclosed information sheet carefully and take time to think about whether or not you would like to take part. Taking part in the study is voluntary.

If you have any questions about the study then please do contact us. Email Local email address or telephone Local Tel No and we will be happy to discuss with you any queries you may have. Alternatively you can contact us using the enclosed reply slip and pre-paid envelope and we will get in touch with you.

Thank you very much for reading this letter.

Yours sincerely,
